

Want your garden looking and feeling its best? Healthy Garden to the rescue! This great product has what it takes to rouse your dormant soil and kick-start the year off right. Complete with DAIRY DOO, this product is jam-packed with organic, all natural and easily digestible nutrients that your plants will eat right up!

Use on vegetable gardens, fruit trees, grape vines, and, really, anything that grows. For best results, apply Healthy Garden at a rate of 7-14 lbs. per 1,000 sq. ft. till into the soil at least 2 inches deep at planting.
