

## Gator Hide

A water repellent clear coat, Gator Hide is super tough, just as its name implies!

This water-based poly-acrylic is designed for high traffic areas such as cabinets, counter tops, tabletops and outdoor furniture!

### To use Gator Hide:

Allow your finished piece to completely dry.

Simply brush on a thin layer of Gator Hide.

Let it dry and after 2 hours, re-apply.

Let it dry 2 hours and repeat this up to 3 thin layers to get a water repellent finish!

Size: 8oz, 16oz, 32oz and 1 gallon
