

MUCK

It all started with a universal problem—muck. Wet, messy, muddy, dirty muck, and we determined to find a solution for keeping our feet warm and dry through it all. So we set out to build the most protective, most comfortable, most reliable boots on the planet—no matter what the conditions. And The Original Muck Boot Company® was born providing 100% waterproof boots and footwear that withstand the muckiest situations in every season.

Over the past two decades we have had the freedom to innovate, experiment, and test our products in every single element—because outside, there are way more than four seasons. That's why we've designed

each of our styles to work hard for every task and brave every condition—so you can be protected, productive, and always in your comfort zone, no matter what the weather.
